### Important Information about Document Submission

In order for your Home Repair application to be reviewed in a quick and efficient manner, please ensure that you adhere to submission standards detailed below. Failure to meet these standards may result in the delay of application review or late submission of crucial documents needed to determine your eligibility for the program. Please keep the following guidelines in mind when compiling your supporting application documents:

1. Your name should be visible on all copies of documents provided to Habitat. If you are unable to view your name on any document, please print or scan that document again in order to have this information visible.
2. All statements provided need to be FORMAL and COMPLETE. For a document to be considered formal, it must have your relevant identifying information visible. For a document to be considered complete, it must have ALL pages of documents provided (even if the last page is blank) in order to ensure that no information is concealed or omitted. For example, a bank statement should include the bank name, your name and address, transaction history, and all pages made available for the statement.
3. If you are required to submit 3 consecutive months of employment or account documents, there should be no gap in time that is unaccounted for by a statement. An example of consecutive months could be October, November, and December. Providing documents that have a consecutive time period ensures that our eligibility calculations are accurate for your financial situation.
4. If your financial conditions change during the application period (i.e. you get a new job, open a new line of credit, or any other incidences that affect you household income or debt), you must inform Habitat as soon as possible. The omission or concealment of pertinent financial information can result in the disqualification of an applicant from the program.
5. If at any time during the application process you are confused about which documents are required for submission, do not hesitate to reach out to Habitat staff. The longer you wait to ask for help, the more outdated documents such as mortgage statements become. As a result, Habitat may request updated documents in place of older ones. Additionally, it is crucial to remain truthful and communicative throughout the entire process by answering emails, phone calls, and clarification questions staff may have about your situation. This is your responsibility as a potential Habitat partner.

**EQUAL CREDIT OPPORTUNITY ACT NOTICE**

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status or age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The federal agency that monitors compliance with this law concerning this company is the Federal Trade Commission, with offices at FTC Regional Office for the Western Region, Federal Trade Commission 901 Market Street, Suite 570 San Francisco, CA 94103 or Federal Trade Commission, Equal Credit Opportunity, Washington, DC 20580. The law does not require you to disclose income from alimony, child support or separate maintenance payment if you choose not to do so. However, because we operate a Special Purpose Credit Program, we do request and require, in order to determine an applicant's eligibility for the program and the affordable mortgage amount, information regarding the applicant's marital status; alimony, child support and separate maintenance income; and the spouse's financial resources. Accordingly, if you receive income from these sources and do not provide this information with your application, your application will be considered incomplete, and we will be unable to invite you to participate in our Home Repair program.
