The Yang/Vang Family

The Yang/Vang family of four has been living in a two-bedroom apartment because it's all they could afford. Says Mai, "We have dreamed of being able to give our children a proper home."

The McCoy Family

Denise McCoy is a single Mom with two daughters. Says Denise, "When I received our home assignment, I took a jar with dirt in it to our apartment and told my girls - this is a part of our new home. We look at it every day."
