About the Robinson Family

Rozonna Robinson has two daughters – Keyairah who is 5 and T’Keyah who is 23 and suffers from severe lupus, and a three-year-old grandson. Rozonna works full-time as a bus driver with a rotating schedule that changes every three months. She comes out in between shifts and on her days off to work on her 500 hours of “sweat equity”.

When I started the program,” said Rozonna, “I thought it was just homeowners building their homes. Then I realized it was the volunteers, the donors, the sponsors – it was eye opening. It’s a lot of people out there helping build these homes for others. That’s such a blessing! ” Rozonna hopes after her home is complete, to find the time to complete her bachelor’s degree in Business Management, Her daughter T’Keyah is currently attending City College.

All are welcome.
Lunch will be served after
[Facebook Event](#)

Thank you to our sponsors whose financial support made this home possible.
